Recovery Homes

We Salute The Men & Women Who Have Proudly Served Our Country.

*You Answered The Call To Keep Us Safe.
Now , We'll Answer The Call To Meet Your Needs.*

Programming for United States Veterans

For many veterans, returning home encompasses an array of difficulties (e.g., employment, social re-integration, post-traumatic stress, and disability). Hope for Tomorrow provides a safe and nurturing haven designed to meet your specific needs.

In our long-term, substance-free living environment, we work alongside you so that you can build a solid foundation of sobriety. And, through coordinated and comprehensive case management; clinical guidance and support; and individualized relapse prevention education, you will achieve your goals.

We provide:

- In-House Support Groups Designed To Meet Veterans Needs
- Mental Health & Substance Abuse Treatment & Education Services
- Social Service Networking
- Peer Mentoring & Support
- Professionally-Certified Counseling
- Legal Assistance & Medication Management
- Introduction Into The Twelve Steps
- Spiritual Counseling (if desired)
- Life & Coping Skills Education
- PTSD Counseling & Education

When America Had An Urgent Need

When America had an urgent need,
These brave ones raised a hand;
No hesitation held them back;
They were proud to take a stand.

They left their friends and family;
They gave up normal life;
To serve their country and their God,
they plowed into the strife.

They fought for freedom and for peace
on strange and foreign shores;
Some lost new friends; some lost their
lives in long and brutal wars.

Other veterans answered a call
to support the ones who fought;
Their country had requirements for
the essential skills they brought.

We salute every one of them, the noble
and the brave, the ones still with us here
today, and those who rest in a grave.

So here's to our country's heroes;
They're a cut above the rest;
Let's give the honor that is due
to our country's very best.

By Joanna Fuchs

Program Mission, Philosophy, & Structure

Our mission is to provide innovative relapse prevention education and substance abuse treatment services to men and women suffering from the disease of alcoholism, drug dependence, mental health disorders, and/or pathological gambling; thereby enabling them **“build their life around their recovery instead of building their recovery around their life”**® and lead productive, responsible, and addiction-free lives.

We believe that addictive disorders are biopsychosocial in nature and that recovery is attainable—for everyone.

The structure at Hope for Tomorrow’s Recovery Home program offers residents an opportunity to learn how to interact in life without engaging in addictive behaviors. There is the perfect blend of structure and accountability—along with empowerment and self-determination. Our comprehensive education program teaches residents relapse prevention techniques that make long-term recovery achievable. So, give us a call at 630-966-9000. We’ll be there for you.

“True recovery requires a mindful transformation that replaces negative thoughts and behaviors with positive ones”.
